Close & push the
button to start

What is Lumin®?

Lumin® is the easiest and fastest way to clean and disinfect CPAP masks and accessories. Lumin® works with a disinfection cycle time of only 5 minutes. The Lumin® is a device intended for home use to clean and disinfect CPAP accessories, including your mask and water chamber. The Lumin® may also be useful as a multi-purpose disinfecting device for personal care products (eg. toothbrushes, toys, cell phones, oral appliances, etc).
